

SUBARU

Description :

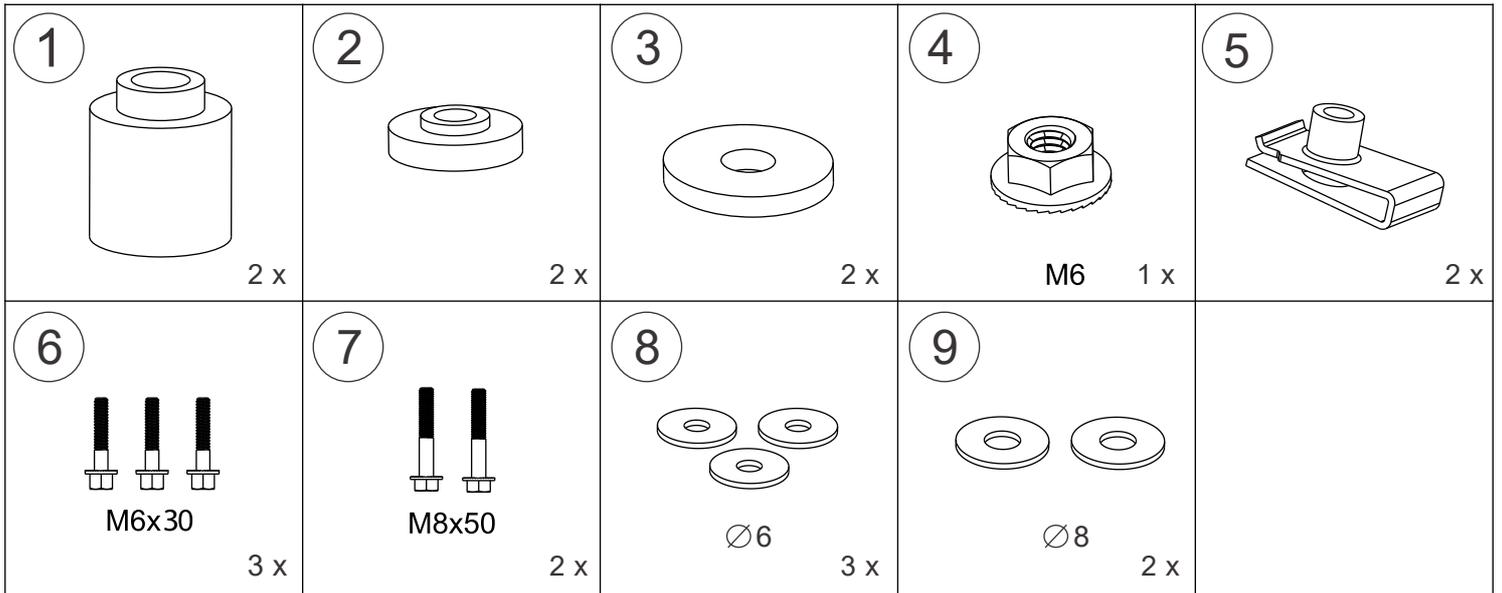

ÉCRAN INFÉRIEUR DU MOTEUR

Numéro de pièce :

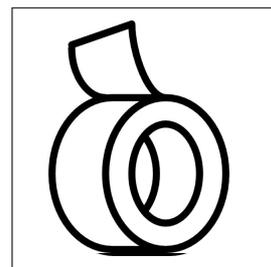

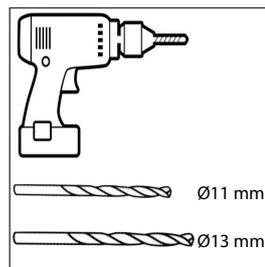

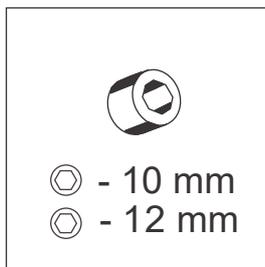

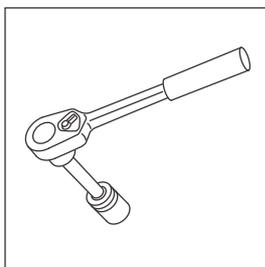

E515SVC000

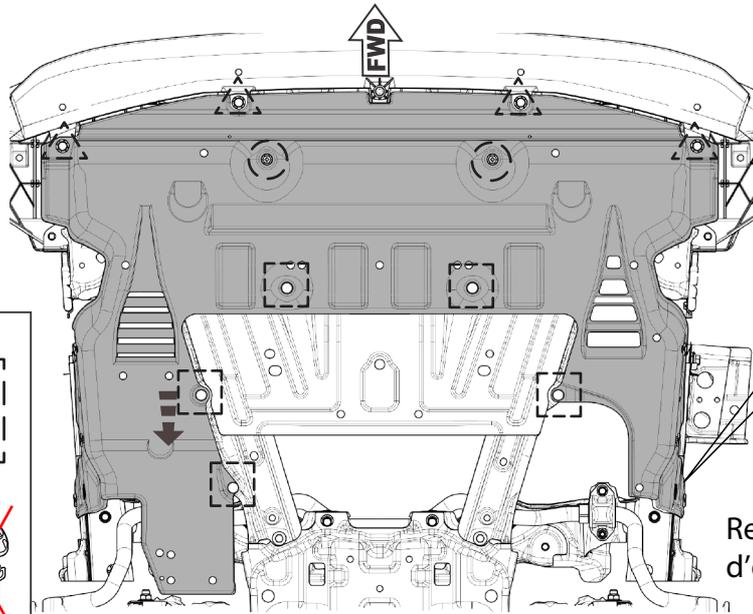

Trousse d'installation :

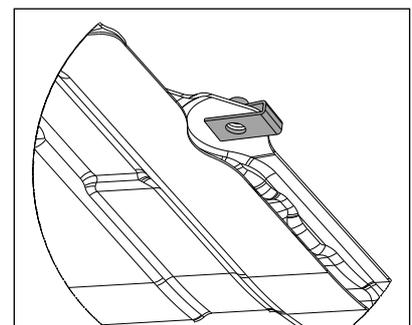

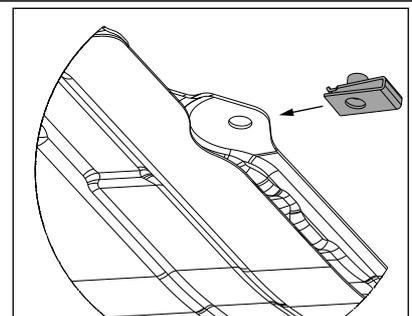

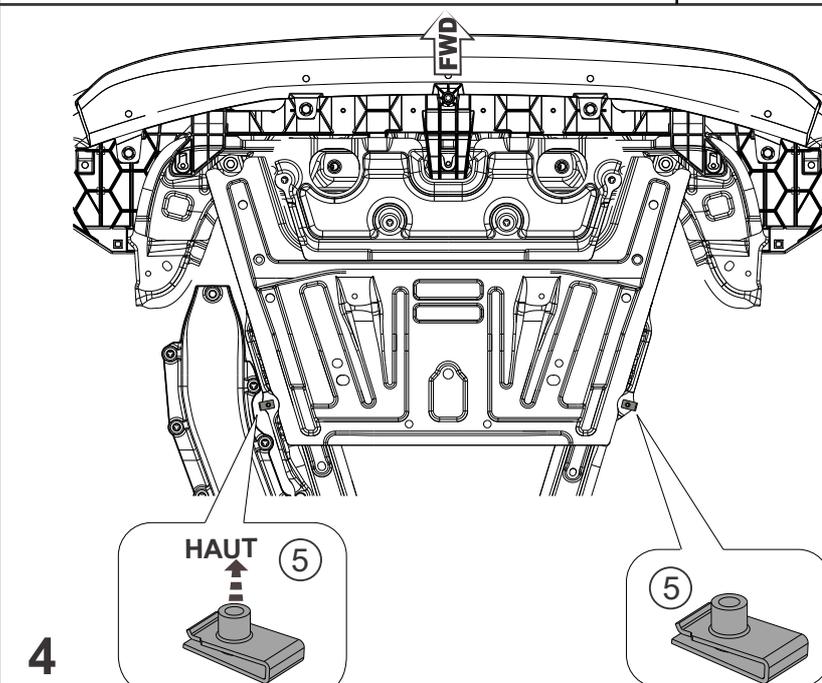

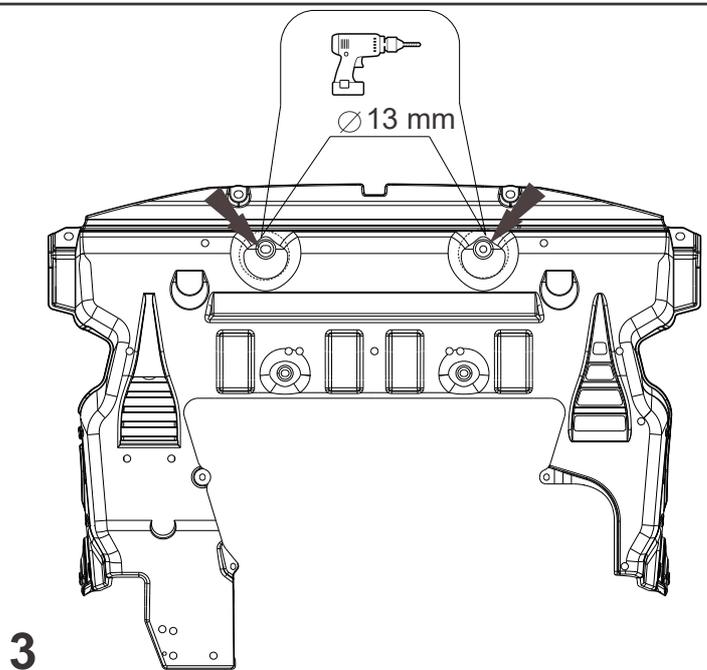

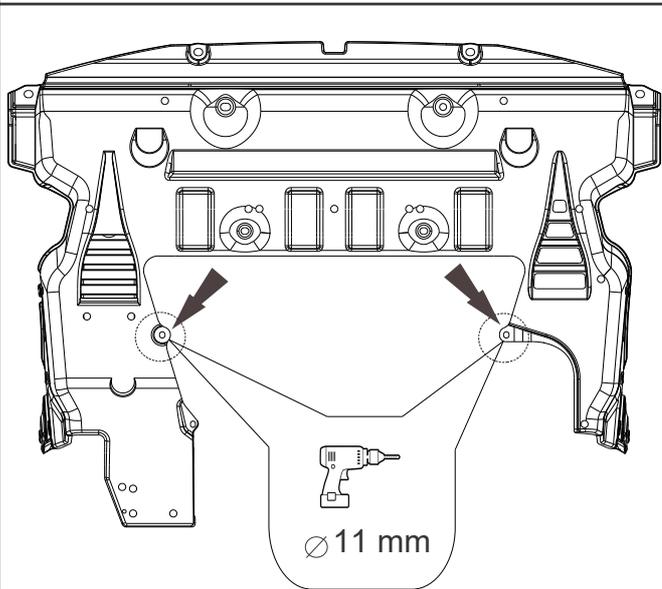

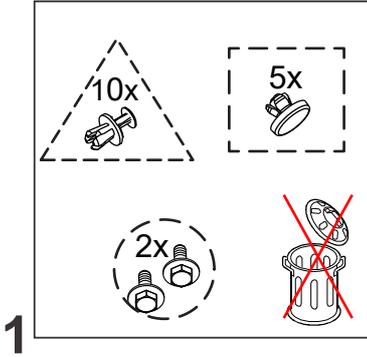

Outils requis :

LHS&RHS

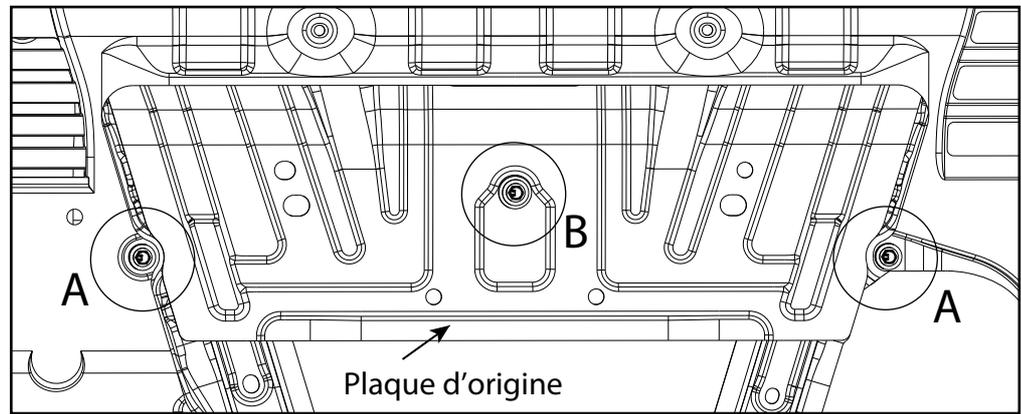

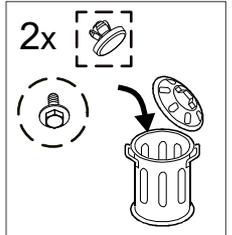

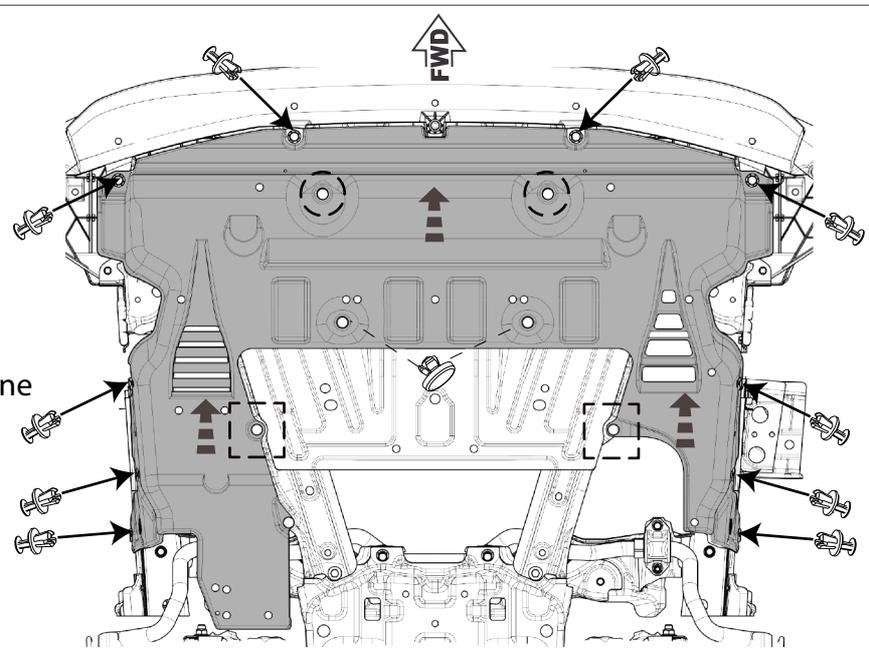

Retirez le couvercle d'origine

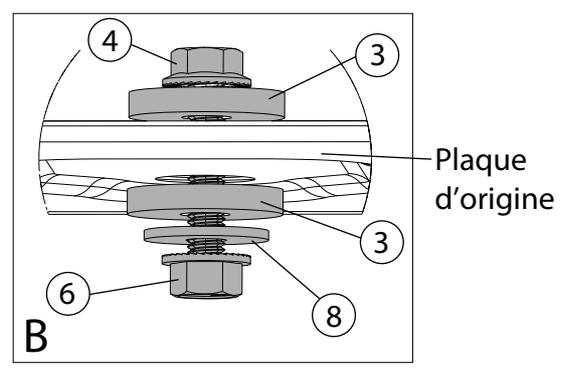

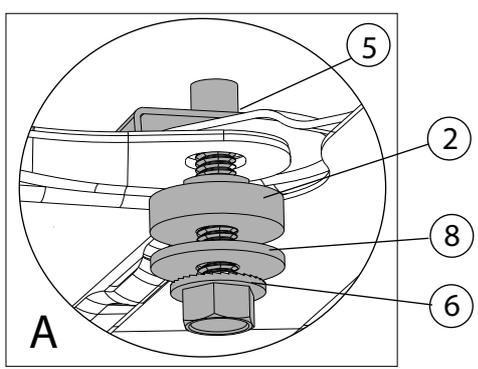

5

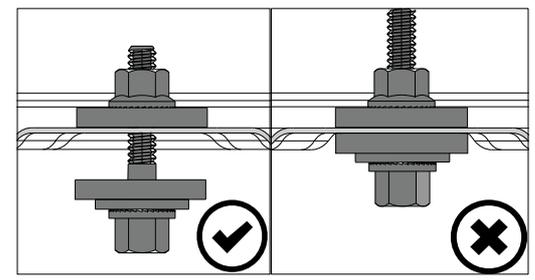

Réinstallez le couvercle d'origine

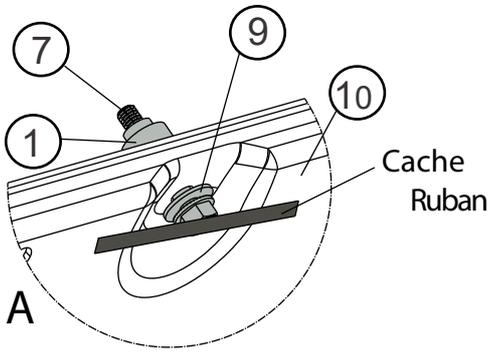

Couvercle d'origine

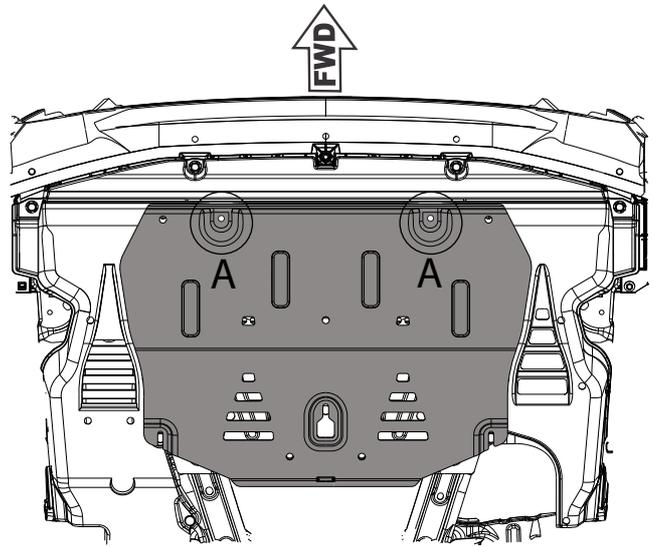

Installez partiellement les trois boulons arrière (6) comme illustré.

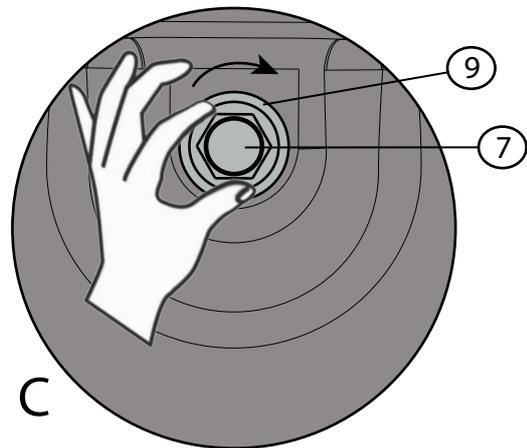

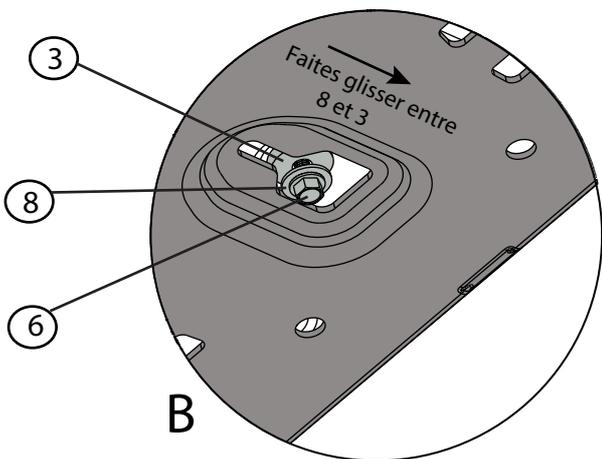

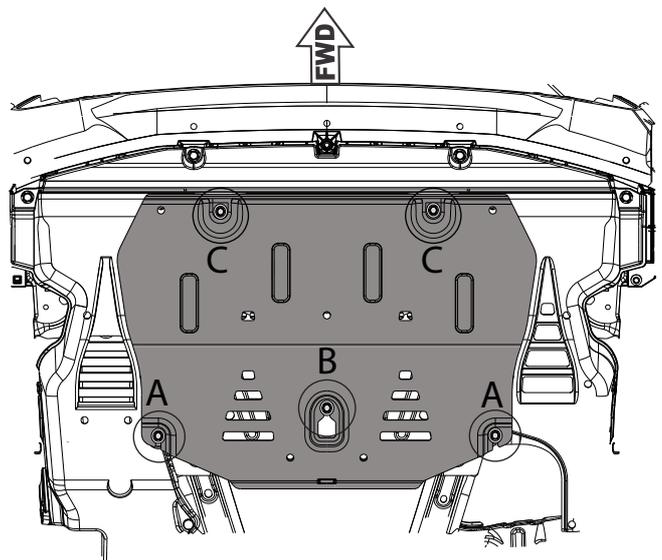

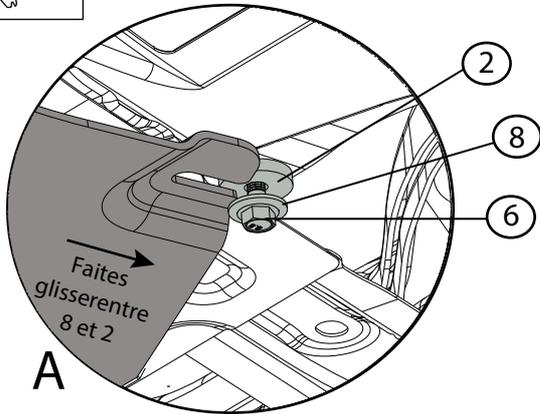

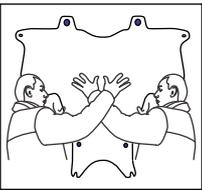

6

Utilisez du ruban-cache pour maintenir en place le boulon (7), la rondelle (9) et l'entretoise (1) sur les deux trous avant, comme illustré.

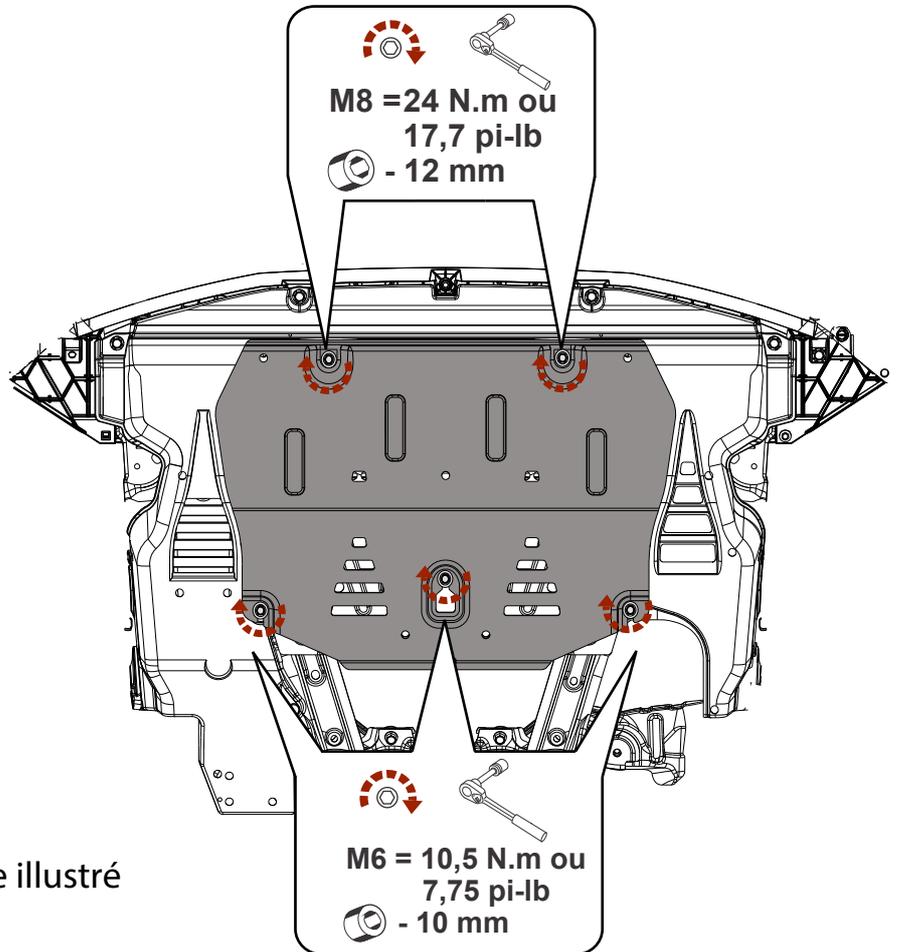

7

Maintenez la plaque en place et faites-la glisser vers l'arrière, en l'insérant soigneusement entre la rondelle (8) et l'entretoise (2 et 3) installées à l'étape 6.

En tenant la plaque à l'aide d'une seule main, retirez le ruban-cache et serrez les deux boulons avant (7) à la main.

8

Serrez tous les boulons comme illustré

9
